### ABOUT ME

I am a 21-year-old B.Tech student from the Computer Science and Business Systems (CSBS) branch, with a strong passion for technology and creativity. I am currently honing my skills to become a proficient software developer, with a particular interest in building impactful and user-focused solutions. Alongside my academic pursuits, I am an avid cinematographer and photographer who loves to shoot and edit cinematic visuals that tell compelling stories. My diverse interests help me bring both technical precision and artistic perspective to everything I do.
